

As we are all aware about **COVID-19** , known as coronavirus is now impacting people, society and also businesses globally almost in all countries.

In order to ensure effective management of our services in the current situation, MS Cert has decided to adopt a combination of remote or delayed audit so that the client's services are not affected.

For the existing client if your surveillance /recertification/follow up/special audit is due or already scheduled, please contact to our local office or they may contact you to discuss how the upcoming assessment will be conducted.

We require cooperation from both sides of client and as well as ours to ensure compliance in managing the certification processes.

Please connect us if you have any queries / concerns or want to get further information at:[enquiry@mscertification.org](mailto:enquiry@mscertification.org)
